

ATCA Top Obedience Airedales by Year

The Top Airedale Award was first presented in 1988. It is awarded to the ATCA member whose dog had earned the most points, as tabulated by Front & Finish magazine using the First & Foremost rating system. Points are based on scores earned in the Open and Utility classes. The higher the qualifying score the more points earned.

Each year ATCA recognizes the Top Airedale and handler with an award presented at the annual meeting. Their names are engraved on the ATCA Trophy which is displayed at the annual Obedience Trial. The award is presented for scores earned in the previous calendar year.
